INTRODUCTION

This Handbook contains the selection policies, which will be used to select athletes for the Canadian Fencing Federations (CFF) High Performance Program (HPP) and projects within the CFF HPP during the 2018-19 season.

The objective of the CFF HPP is to design programs so that Canadian teams/athletes can win medals at the World Championships and Olympic Games on a sustained basis. This objective is the driving force behind any decision and orientations in the HPP.

While every effort has been made to ensure the accuracy of the material contained within this Handbook, readers are advised to consult with the person in charge of the HP program if they have questions about any element contained within.

Similarly, the dates of international selection competitions are accurate as of the date of publication of this Handbook, but dates and events can and do change. Please verify competition details before making final travel arrangements for events. Furthermore, it is the athlete's (and their personal coaches') responsibility to be familiar with the information within this document.

CHANGE TO THIS HANDBOOK

The CFF has taken every possible step to ensure that the material in this Handbook will remain accurate for the entire season, but in instances where changes do occur, specifically to international selection competitions, the person in charge of the HP program (in consultation with the High Performance Committee (HPC) reserves the right to make changes to this Handbook, which in its discretion are necessary to ensure the selection of the best teams for the 2018-2019 season events.

Any changes to this Handbook shall be communicated directly to all National Team Members. This clause shall not be used to justify changes after a competition or trials, which formed part of the internal nomination procedure unless it is related to an unforeseen circumstance.

The purpose of this section is to allow for changes to this Handbook that may become necessary due to a typographical error or a lack of clarity in a definition or wording before it has an impact on athletes. The purpose of such changes must be in order to avoid disputes over the meaning of the provisions of this Handbook rather than to allow changes to be made to justify selection of different athletes than would have otherwise been selected.

All changes must be reasonably justifiable in accordance with fundamental principles of natural justice and procedural fairness.

SELECTION PROCEDURES AND CRITERIA

CFF HIGH PERFORMANCE PROGRAM (HPP)

The Canadian Fencing Federation (CFF) has six Senior National Team Programs - one each weapon and gender.

The Senior National Team Coaches (NTC) are the recognized leaders of their national team program and work under the guidance of the High Performance Director and the CFF High Performance Committee. Each Senior NTC establishes the annual competition schedule, the training camp schedule, and plans the use of Integrated Support Teams (IST) at events for their program. The Senior NTC will bring together coaches through the creation of a “Coaching Team” to work towards the common goal of implementing the weapon’s program and sustaining it.

National Team athletes are anticipated to follow the expectations for athletes in the Train to Win stage of the CFF’s LTAD framework. HP succession athletes will be in either the Train to Win or Train to Compete stage. Senior NTCs will work with personal coaches to develop an annual training and competition plan that is consistent with the stage of development of each athlete. Failure to follow this plan or communicate your training progress to the Senior NTC on a regular basis (as defined by the Senior NTC) will result in removal from the HPP.

1. High Performance Program Application Procedures

In order to be eligible to apply for the High Performance Program, an athlete must meet the above criteria and hold a validated CFF license for the 2018-2019 season. To be accepted in the HPP, a fencer must also:

1. purchase a FIE license on the CFF web site for the 2018-2019 season;
2. complete the HPP Application Procedures; and
3. have no outstanding debts with the CFF.

Athletes accepted into the CFF High Performance Program must pay a registration fee of \$550 to be used towards program coordination. These fees can be paid online.

There are no registration deadlines, but after October 1 2018, registration fees will be \$650.

Those athletes who have applied to the HPP will appear on the first National Squad Selection Rankings to appear in September 2018.

NOTE: The Senior NTC will have final approval regarding all selections to the HPP. An athlete’s application may be rejected for a number of reasons including, but not limited to:

1. failure to attend any mandatory training camps during the 2018-2019 season;
2. failure to report their training activities on a regular basis as directed by the National Coach during the 2018-2019 season; or
3. violation of the CFF code of conduct during the 2018-2019 season.

Each HPP athlete will be provided with a tracksuit the first time that they register for the CFF HPP during the 2016-2020 quadrennial. All athletes must keep this podium suit until the conclusion of the 2020 season and wear it for all WC and any other team selections. Should an athlete require a new podium suit, the athlete will be charged a \$200 replacement fee.

2. Selection and Criteria – National Squad

The national Team selection for the 2019 Pan-Am Championship, World Championship, Pan-Am Games and Universiades is a two-stage process:

1. First, the National Squad is selected based on the results in the events listed in the **Table 1**. Athletes will be ranked in the National Squad Selection Ranking.
2. Only those athletes who are selected for the National Squad will be allowed to participate in the National Team selection events listed in the **Table 2**.

Consequently, only the National Squad athletes will be ranked in the HPP Selection Ranking

Note: Athletes selected for the 2017-2018 National Team and/or having met the 2017-2018 Senior Selection Criteria will automatically be selected for 2018-2019 National Squad.

In each weapon, the Senior National Team Coach will determine the program of camps and competitions used to select athletes for the National Squad.

The National Squads will only be accessible to a limited number of athletes and will guide the National Team selection at the end of the year.

Each National Squad will be supported by the National Team Coach and/or previously identified coaches.

Athletes are responsible for all costs associated with National Squad projects, including airfare, ground transportation, accommodation, food and any individual competition entry fees.

Athletes will be invoiced and payment for any amount owed to the CFF is to be received prior to the event through the CFF on-line payment system, unless prior arrangements have been made with the CFF. If the athlete has overpaid or holds a credit, the balance will be retained by the CFF and used as a credit for following events. Credit balances will be refunded to the athlete at the end of the season.

Athletes will be sent invoices and statements by e-mail indicating the amount owed for each NTP. Athletes that have unpaid accounts will not be eligible to compete in events and any points so earned will not count towards HP selection rankings. The CFF imposes an interest charge for any amounts that are 30 days past due of 2.5% per month. Furthermore, any HPP athlete who has an outstanding balance with the CFF will not be selected for an NTP until all past due accounts have been settled.

Carded athletes are reminded that they are required to take part in all National Squad Project (for which they are selected) in their entirety. Failure to do so could result in the Senior NTC recommending that the athlete be removed from the HPP and carding be revoked. Carded athletes who are still juniors may be exempted by the Senior NTC from a National Squad Project or a part thereof to focus on their preparation for the Junior World Championships.

Number of Athletes Selected on National Squad (in parentheses: athletes pre-selected through 2017-2018 criteria):

The maximum number of selected athletes varies by program:

Women's Foil: 12 athletes (6)

Men's Foil: 7 athletes (2) + highest ranked cadet / junior in National Squad Ranking

Men's Sabre: 7 athletes (4) + highest ranked cadet / junior in National Squad Ranking

Women's Sabre: 7 athletes (3) + highest ranked cadet / junior in National Squad Ranking

Men's Epee: 7 athletes (2) + highest ranked cadet / junior in National Squad Ranking

Women's Epee: 10 athletes (6)

Should an athlete decline their selection for the National Squad, the National Team Coach may select the following athletes on the National Squad Selection ranking.

The National Team Coach may decide to add athletes to the National Squad. Any such choice must be approved by the High Performance Director.

It is strongly recommended that athletes already qualified for National Squad take part in competitions to prepare for the World Cup season.

6. Participation Rules for International Competitions (NAC, World Cups, Grand Prix, Satellite and U23)

- **North American Cup Events (NAC)**

These competitions are open to any Canadian athlete with a CFF and FIE license. The CFF does not make any selections for NACs. Fencers are responsible for their own registration and travel arrangements to these competitions, unless the competition is identified as part of a NTP. Please confirm all dates, locations and registration deadlines on the respective websites before booking flights:

CNA – USFA : www.usfencing.org

The organizers may impose additional qualification standards for participation (for example USFA-C classification for NACs, etc.). All athletes should verify with the organizers whether they are eligible to compete prior to making travel arrangements. A long lead-up time to these events is strongly recommended.

- **World Cups, Grand Prix and Satellite – FIE-Sanctioned Competitions**

Only the CFF can register fencers for FIE competitions. Consequently, all requests for registration for an FIE competition must be made as indicated in the sections below. Athletes are responsible for all costs associated to these competitions.

Minimum Qualification Standards:

Satellite: No minimal qualification standard

World Cup and Grand Prix: To be eligible for an FIE-sanctioned World Cup or Grand Prix, athletes must be part of the National Squad. The 2018-2019 National Squad Selection Ranking (following the latest selection event) will be used as a reference to select participating athletes.

Registration Deadline: 35 days (5 weeks) before the first day of competition of any FIE competition. Any openings after the 35-day deadline will be given first come, first served, provided late fees are collected.

Entry Procedures: Fencers must complete **the online request process on the CFF website** before the registration deadline.

Final Selection: Within five (5) business days after the deadline, the list of selected fencers for the competition will be finalized. The list of selected fencers will be compiled as follows, with the HPD having final approval.

Withdrawal from an FIE Competition: Withdrawals must be received by the CFF by e-mail at hpd@fencing.ca at least 14 days prior to the first day of the competition. Voice mail is not acceptable. Fencers withdrawing after the deadline or who do not show up at the competition will be fined **\$1,500.00 and will be suspended from any future International selections until the**

fine is paid. This is a fine assessed by the FIE to the CFF and it will be passed on to the athlete at fault. Exception to this fine will be considered if the fencer is withdrawing due to a “force majeure” situation such as an injury or illness, which prevents the fencer from competing. Medical documentation from a doctor must accompany the withdrawal notice, which must be sent by e-mail with the withdrawal request **before** the scheduled competition.

Notification

Following confirmation of participation, the final registration list is e-mailed to all fencers, their personal coaches and to the pertinent Senior NTCs.

Minor athletes participating in any of these events must be accompanied by an adult (parent, personal coach or other guardian).

Athletes should not make any travel arrangements until they have received an e-mail confirming that they are registered.

NOTES

- We remind **carded athletes** that they are obligated to take part in all National Team Projects (for which they have been selected) in their entirety. Any absence could lead to the senior National Team Coach to recommend their removal from the HPP and revocation of their carding.
- **Junior carded athletes** may be exempted from an NTP or a portion of an NTP by an NTC to focus on their preparation for the Junior World Championships.
- Athletes are responsible for all costs associated with NTPs, including airfare, ground transportation, accommodation, food and any individual competition entry fees.
- Athletes will be invoiced and payment for any amount owed to the CFF is to be received **prior** to the event through the CFF on-line payment system, unless prior arrangements have been made with the CFF. If the athlete has overpaid or holds a credit, the balance will be retained by the CFF and used as a credit for following events. Credit balances will be refunded to the athlete at the end of the season. Athletes will be sent invoices and statements by e-mail indicating the amount owed for each NTP.

Athletes that have unpaid accounts will not be eligible to compete in events and any points so earned will not count towards an HP selection ranking. The CFF imposes an interest charge for any amounts that are 30 days past due of 2.5% per month. Furthermore, any HPP athlete who has an outstanding balance with the CFF will not be selected for an NTP until all past due accounts have been settled.

Vancouver Men's Epee World Cup

- **U23 European Competitions (Open to All Ages), European Fencing Confederation-Sanctioned Competitions.**

There is another group of European competitions which offer strong development opportunities for senior athletes. Their format, and the number of participants make these better development opportunities than World Cups. They are an excellent first contact to the international scene. For more information on these competitions, please see the following site: <http://www.eurofencing.info/tournaments>
