INTRODUCTION

This Handbook contains the selection policies which the Canadian Fencing Federation (CFF) will use to select athletes who will represent Canada at the 2021 Junior and Cadet World Championships, as well as at the Senior Olympic Zone Qualification Tournament (OQT), Senior Pan Am Championships and the Tokyo 2021 Olympic Games. This information will allow athletes and their coaches to develop annual training and competition plans for the season.

While every effort has been made to ensure the accuracy of the material contained within this Handbook, readers are advised to consult with the CFF High Performance Director (HP Director) if they have questions about any elements linked to high performance.

Similarly, the dates of international selection competitions are accurate as of the date of publication of this Handbook, but dates and events may change. Please verify competition details before making final travel arrangements. Furthermore, it is the athlete's (and their personal coaches') responsibility to be familiar with the information found in this document.

CHANGES TO THIS HANDBOOK

The CFF is closely monitoring the evolution of COVID-19 at the national and international levels and its impact on the availability of the qualificative places for national teams or the 2021 Tokyo Olympic Games.

With the exception of exceptional and unforeseen circumstances related to COVID-19, the CFF will follow the procedures enclosed within this Handbook. Where there are exceptional or unforeseen circumstances related to COVID-19, the CFF may make changes to the Handbook as necessary and notwithstanding the remaining clauses in this section.

The CFF has endeavoured to ensure that the contents of this Handbook are accurate in respect of the entire season.

In instances where changes are required, the HP Director, in consultation with the High Performance Advisory Committee (HPAC), reserves the right to make changes to this Handbook in its sole discretion. These changes may relate to selection for international competitions or events and will be necessary to ensure the selection of the most appropriate teams for each season's events.

Any changes to this Handbook shall be communicated directly to all High Performance Program (HPP) members.

This clause shall not be used to make changes to this Handbook after a competition or trials, which formed part of the internal nomination procedure, unless it is related to an unforeseen circumstance.

The purpose of this section is to allow for changes to this Handbook that may become necessary

for a variety of reasons, including but not limited to a typographical error, lack of clarity in a definition or wording before it has an impact on members athletes. The purpose of such changes must be in order to avoid disputes over the meaning of the provisions of this Handbook rather than to allow changes to be made to justify selection of different athletes than would have otherwise been selected.

All changes must be reasonably justifiable in accordance with fundamental principles of natural justice and procedural fairness

HIGH PERFORMANCE ADVISORY COMMITTEE (HPAC)

- **JEAN-MARIE BANOS – COMMITTEE MEMBER**
- **MICHAEL PEDERSON – COMMITTEE MEMBER**
- **IGOR TIKHOMIROV – COMMITTEE MEMBER**
- **MONICA PETERSON – COMMITTEE MEMBER**
- **CHRIS KALANTZIS – BOARD OF DIRECTORS REPRESENTATIVE**

HIGH PERFORMANCE SELECTION RATIFICATION COMMITTEE (HPSRC)

The High Performance Selection Ratification Committee (HPSRC) will ratify the final selections, and will ensure that the final team composition proposed by the National Coach for all World Championships, Pan-American Championships and Olympic Games meets the criteria published in this Handbook. The HPSRC will consist of:

1. the High Performance Director (HPD);
2. two (2) or three (3) members of the High Performance Advisory Committee.

The HPSRC reserves the right to withdraw an athlete from a selection in the following cases:

1. If the athlete does not respect his yearly training and competition plan designated by the HPP. Exemptions can be requested in advance of a specific event. Exemptions will be granted on a case by case basis once discussed between the HP Director and the National Coach.
2. If the athlete has not fulfilled his responsibilities as identified in the “HPP Athlete Agreement”.
3. If the athlete has not fulfilled his responsibilities as identified in the “CFF Code of Conduct”.

CFF SELECTION POLICIES

Athletes must demonstrate their abilities in order to be selected to participate in the different international events (World Cup, Pan Am and World Championships, Olympic Games) and contribute to their development. This booklet outlines the policies, procedures and selections for the following:

- Application to the High Performance Program;
- Selection of the National Teams (Cadet / Junior / Senior);
 - 2021 Pan American Championships (Senior);
 - 2021 World Championship (Cadet / Junior);
 - Selection for the 2021 FISU Games
- Selection for the Olympic zone Qualification Tournament (OQT);
- Selection for the Tokyo 2021 Olympic Games; and

HPP APPLICATION PROCEDURES

In order to be eligible for the HPP, an athlete must:

1. Hold a validated CFF license for the 2020-2021 season obtained from his provincial fencing association, at: <https://2mev.com/#!/listings/fencing-events-tournaments/CL-FENCING>;
2. Purchase a FIE license or an EFC license on the CFF website for the 2020-2021 season via the CFF Website;
3. Be a Canadian Citizen;
4. Complete the HPP application procedures (<http://fencing.ca/fr/php-inscription>); and,
5. Have no outstanding debts with the CFF.

Athletes who join the CFF HPP will be required to pay a registration fee of \$300 prior to October 31, 2020, or \$500 from November 1 to December 31, 2020 or \$750 after January 1, 2021, which will be used to coordinate the HPP. HPP athletes will appear on the CFF HPP Rankings.

NOTE

An athlete can be withdrawn from the HPP without warning if they violate the CFF Code of Conduct for a duration determined by the HP Director.

Each athlete, member of the 2019 National Team or identified "Excellence" and/or "NextGen" in 2020, will be provided with a CFF tracksuit the first time that they register for the CFF HPP. All athletes must wear this tracksuit for all World Cups, Grand Prix, Pan-American Championships and World Championships.

Should an athlete require a new tracksuit, the athlete will be charged a \$200 replacement fee.

NATIONAL Team SELECTION (CADET / JUNIOR / SENIOR)

Athletes selected to the National Team for an individual or team event are the athletes who will represent Canada at major international competitions. These may include, but are not limited to the Pan-American Championships, World Championships, Zone Olympic Qualification Tournament, Olympic Games and FISU.

The results from the competitions in Table 1 will establish the HPP Selection Ranking and will be used to select athletes for the National Teams.

HP Training Camps

Given the impact of COVID-19 on current public health conditions and also the fact that we do not want to encourage athletes to travel across the country, we propose a collaborative effort between clubs, provincial fencing associations and the CFF to organize HP Training Camps before **May 1st, 2021**.

The objective of these camps will be to provide HP and non-HP athletes from each province or club with the opportunity to do a high volume of "HP Hits" (defined below), which is an indicator of fencing performance, and also be credited with 100 HP points in the HP 2020/2021 ranking for participation in a HP Training Camp.

One training camp will count towards the senior selections (FISU / PAN AM).

These camps will be open and free of charge to athletes registered in the HPP but will be accompanied by a \$100 fee for fencers who are CFF licensees only. The HP Training Camps will be organized in compliance with the COVID-19 health regulations and protocols applicable to the region and club in which they are hosted.

The conditions for a club or province to host an HP Training Camp are as follows:

- Offer a HP Training Camp where athletes will be able to reach a minimum volume of 250 "HP Hits".
 - Definition of "HP Hits": A hit executed (received or scored) against a fencer of equal or

nigher level at the intensity of a competition. There are several possible ways to count a HP hit:

- In a 15, 5 or 45 hit match against an opponent of the **same or higher level**.
 - In a 15, 5 or 45 hit match against a **lower level** opponent with a time, score, task **constraint** defined by the head coach in charge of the HP camp.
 - Example to count the "HP Hits": Score: 15-14 = 29 "HP Hits" for both fencers; Score: 5-3 = 8 "HP Hits"; Score: 15-5 = 20 "HP Hits", etc.
 - The "HP Hits" are counted to allow athletes and coaches to track training planning. This monitoring also allows athletes' results to be compared to benchmarks.
- Several event formats can be proposed (Swiss system, competition system, etc.) to organize the HP Training Camp. The main thing is to be able to provide the athletes with a formula that allows them to reach at least 250 "HP Hits".
- Inform the CFF (hpd@fencing.ca) two weeks in advance of an HP Training Camp.
 - Place the HP Training Camp registration system on the CFF website.
 - Submit results sheets and photos (two (2) minimum) of the HP Training Camp to hpd@fencing.ca.
 - The event must be managed and organized by the host club or provincial fencing association.

If any of the above conditions are not met for the organization of an HP Training Camp, HP points will not be credited to any athletes who attend the camp.

Special COVID-19 funding

Due to the impact of COVID-19, many clubs have had difficulty maintaining their normal activities. It was therefore decided that for each event organized, fifty percent (50%) of the profits will be redistributed to the host club or provincial fencing association after paying all costs (referees, etc.).

HP Selection Ranking Point System

Cadet and Junior

The 2019-2020 HP ranking and the achievement of criteria in 2019-2020 will count for the national team selection

Senior

- The results of the HP competition in Table 1 will count for the senior selections
 - The HP training camp in Table 1 will count for the senior selections
 - Olympic selections will count for senior selections
- **2021 Cadet and Junior World Championship Selections**

Since no HP events (camps / competitions) could be organized, the CFF will refer to point # 3 of the tiebreaker to make the selection of the teams.

The High Performance consultation committee also met to validate some points. It has been decided :

- Added two clauses to point # 3 of the tiebreaker to maintain the CFF high performance standart.
- To remove the 2021 Cadet / Junior World Championships from all rankings (Athlete Assistance Program, CFF High Performance Training Center rankings, selection for 2021/2022 national

teams).

REGISTRATION POLICY AT COMPETITIONS AND TRAINING CAMPS

North American Cup (NAC)

These competitions are open to any athlete with a CFF license.

However, since 2018, the United States Fencing Association (USFA) has required foreign athletes to pay a specific license fee for those who are not resident in the United States. Canadian athletes will be required to purchase this license when registering for a NAC.

The USFA does impose a minimum standard for Div. I and Junior NACs. They require that an athlete have a “C” rating or higher to register for a Div. I NAC and may require a “B” rating or higher to register for a Junior NAC.

Athletes are responsible for their own registration and travel arrangements to these competitions. Before booking flights for NAC events, please confirm all dates, locations and registration deadlines on the USFA website:

NAC – USFA: www.usfencing.org

FIE/EFC competitions

Only the CFF can register athletes for FIE and/or EFC competitions.

Therefore, to be eligible for selection for any FIE or EFC competition, an athlete must:

- Hold a valid CFF license for the current season;
- Hold a valid FIE and / or EFC license for the current season;
- Be a Canadian citizen; and,
- Have satisfied all the selection criteria published for the competition in question.

You can purchase your FIE and / or EFC license on the CFF website.

Athletes are responsible for:

- Travel arrangements to these competitions;
- Their own registration through the CFF;
- Confirming all dates, locations and registration deadlines on the respective websites before booking flights; and,
- Athletes should not make any travel arrangements until they have received an email confirming that they are registered.

All requests for registration for FIE/EFC competitions must be made as indicated in the sections below:

- **Registration fees:** A fee of \$200 will be applied for each FIE or EFC competition registration to

cover the referee fees required in these tournaments. Athletes who register in a Senior World Cup or for the World Championships (Cadet, Junior or Senior) are exempt from these fees.

- **Registration deadline:** Twenty-one days (21) before the first day of competition. After this time late requests may be considered, and late fees will apply.
 - **Entry Procedures:** To request participation in an international event each athlete must complete the online request process on the CFF website found under the High Performance tab.
- **Team competition:** When this is the case, participation in the team event is strongly recommended. You can register in team events under the High Performance tab. For Senior the National Team coach will select the athletes. For Cadet and Junior the HPP Selection Ranking on the selection date will be used to select athletes to the team.
- **Withdrawals from an FIE/EFC Competition:** Withdrawals must be received by the CFF by email at hpd@fencing.ca at least eight (8) days prior to the first day of the competition. No other method of withdrawal is accepted. Athletes withdrawing after the deadline or who do not show up at the competition will be fined **\$1,500.00 and will be suspended from any future International selections until the fine is paid**. This is a fine assessed by the FIE/EFC to the CFF and it will be passed on to the athlete at fault. Any exception to the payment of this fine will only be considered if the athlete is withdrawing due to a “force majeure” situation such as an injury or illness, which prevents the athlete from competing. Medical documentation from a doctor must accompany the withdrawal notice, which must be sent by email with the withdrawal request **before** the scheduled competition.
- Minor athletes (athletes under the age of 18 at the time of the event) participating in any of these events must be accompanied by an adult (parent, personal coach or another guardian as outlined in a letter sent to the CFF).

HP Training Camps

Registration for the HP Training Camps is open to all CFF licensees.

Registration is free for athletes who are members of the High Performance Program, however non-members of the HP Program will be assessed a \$100 registration fee.

INJURY / ILLNESS POLICY

The National Coach, in collaboration with the HP Director, may select from the National Team or for the OQT, an athlete who has been injured during a part of the season (minimum 6 weeks of absence), regardless of ranking, if within seven (7) days of the injury, and before an absence in competition, the athlete submitted to the CFF a report of injury accompanied by a recovery plan. The athlete must have been a member of the national team in their category in the previous two seasons.
